Improvements Delayed—Railroad officials incline to the belief that the varied and radical improvements mapped out for Ogden this season will now be delayed until after July 1, the beginning of the new railroad year, and will then be pushed forward with zealous energy. It is hoped the present month will see everything cleared up in the way of cancelled leases to property selected for the handsome new freight depot site, and that with the advent of the first month of the new railroad year no delays will be experienced in putting a large force of men to work on that badly needed enterprise. Other work will follow along directly afterward and the summer and fall months will witness a radical change in environments of the big union passenger depot.

MANY FISHERMEN ALONG THE BANKS OF STREAMS

The fishing season has opened and nimrods by the hundreds can be seen trailing their way into the mountains, intent on improving their opportunities to "fish while the fishing's good." It is estimated that fully a thousand fishermen have already tried their luck in the various streams of this vicinity.

The hour of the opening of the season was midnight of the fourteenth, and for a half day previous, the roads leading to the different canyons were thronged with conveyances bound for the fishing grounds. Throughout the night the road through Ogden canyon was traversed by every mode of conveyance from "Shank's mare" to big touring cars, equalling in number the traffic of midday.

According to the majority who have tried the various streams, the fishing is not what it has been at this time in previous years, the water being extremely high and muddy. There is practically no chance for fly-casting and most of the fish caught thus far have been baited.

SALT LAKERS ARE MUCH VEXED

NOTIFY WEBER COUNTY TO KEEP ITS MONEY.

G. A. R. Veterans Will Be Entertained Without the Assistance of the People of This County.

The following correspondence between Joseph Geoghegan, chairman of the finance committee of the Salt Lake G. A. R. entertainment committee, and the commissioners of Weber county, indicates the breaking of a "warm friendship" which Salt Lake has entertained for Ogden.

"Salt Lake City, Utah, June 14, 1909. 'Mr. Frank Moore, Dear Sir: As you know, the last legislature authorized the appropriation of money from Weber county for the purpose of making the Grand Army encampment to be held in Salt Lake next August a success. I appeal to you as chairman of the finance committee to ask you to make as liberal an appropriation as you can, having, of course, in view the financial condition of your county. The encampment is not a matter that affects Salt Lake City alone, but as the Grand Army were invited by the governor and the people of the State of Utah, it is a matter in which every citizen in this state has a vital interest in seeing it carried to a successful issue. Trusting I may hear from you soon, I remain

"Yours very truly,

(Signed) "JOSEPH GEOGHEGAN."

Ogden, Utah, June 9, 1909.

"Joseph Geoghegan, Dear Sir: Replying to your letter of recent date, I beg to state that the Board of County Commissioners have been asked by our local committee to contribute something for the entertainment of the visitors who may come to Ogden during the Grand Army encampment. We have not, as yet, taken any official action, but I think the board favors making an appropriation for this purpose, and will undoubtedly take action the coming week. I am of the opinion that there will be no other appropriation made by our board in connection with the Grand Army encampment. Your very respectfully,

(Signed) "OSCAR B. MADSON,

"Chairman Board of County Commissioners."

"Salt Lake City, Utah, June 14, 1909.

"Mr. Oscar B. Madson, Dear Sir:—Your favor of the 9th instant received, in which you advise me if any appropriation will be made it will be for the purpose of entertaining the Grand Army of the Republic at Ogden. I regret, of course, the rather narrow spirit which is displayed by your board in the matter and will therefore ask you to disregard any request for funds from Weber County in the care of the Grand Army. I think Salt Lake will be able to do that without assistance, especially in view of the spirit displayed.

"Yours respectfully,

(Signed) "JOSEPH GEOGHEGAN."

SALOON WAS ROBBED AT NIGHT

BURGLARS USED A HUGE STEEL SPIKE PULLER.

Opened the Rear Door of Palm Saloon and Then Attacked the Slot Machine Obtaining \$5.05.

Owing to the secrecy of the police department and the proprietors of the Palm saloon on Twenty-fourth street, a burglary which occurred at that establishment Monday night was only made public today. No clue to the intruders has been gained, although the police are still working on the case.

Entrance was gained by prying down the rear door, the implement used being a huge steel spike puller taken from the Southern Pacific shops, weighing more than thirty pounds. The thieves also employed the unwieldy instrument in breaking open the slot machine from which they secured \$5.05 in nickels. The cash register was also forced open and about \$1.50 taken from it.

It is evident from the nature of the implement used in breaking down the door that the trick was not turned by boys, as has been suspected in several burglaries of late, nor does it appear like the work of professionals who would be expected to judge better of the probable amount obtainable in the saloon.

The big steel bar is still at the police station awaiting a claimant.

REPUBLICANS OF PENNSYLVANIA FOR TAFT

PLATFORM OF STATE CONVENTION ENDORSES HIM.

Asserts That His Qualifications Enable Him to Carry Out Great Policies of Roosevelt.

Harrisburg, Pa., June 16.—The Republican state convention met here today, and nominated the following ticket to be voted for in November:

Auditor General—Arthur E. Sisson, Erie.

State Treasurer—Former State Senator Jeremiah A. Stober, Lancaster.

Associate Justice of the Supreme Court—Judge Robert Von Moschizker, Philadelphia.

The candidates named were slated

by the state organization of which United States Senator Penrose is the head.

The platform adopted by the Republican state convention which met here today contains a warm endorsement of President Taft. It says:

"President Taft's profound knowledge of the science of government, his deep human sympathy, his conceded love of justice, and appreciation of the real needs of a prosperous and progressive people, will enable him to carry forward in his own way the great policies of the Roosevelt administration, with which he was conspicuously identified, and it may well be expected that, under his wise leadership, those policies will be developed and such additional ones adopted as will make real and effective the American demand for the equality of right and opportunity at home, and that respect and those privileges abroad which are accorded to the most favored nation."

The platform endorses the protective policy, and asserts that the Republican party is fulfilling its promise to revise the tariff, "and we believe that such revision should be a true revision, and not an attempt to merely put rates up or down."

The position taken by the Pennsylvania senators and representatives on the tariff revision is endorsed.

OVER TEN THOUSAND SKILLED WORKMEN TO STRIKE JUNE 30

Pittsburg, June 16.—More than 10,000 skilled workmen, members of the Amalgamated Association of Iron, Steel and Tin Workers, employed by the American Sheet and Tin Plate company, will quit work June 30, at which time the "open shop" order of the company becomes effective. Many unskilled workmen will also be affected.

The decision to take this action followed a special convention held here.

In the Pittsburg district, a majority of the mills of the American Sheet and Tin Plate company, a subsidiary of the United States Steel corporation, are non-union. The combined plants, in which a strike order will be effective, total 152 mills in the tin trade and 57 mills in the sheet steel trade.

WOMAN RAN ACROSS THE YARDS

BECAME INSANE WHILE RIDING ON THE CARS.

Depot Officers Gave Chase, When the Unbalanced Woman Grabbed a Club and Wielded It.

A profound sensation was created at the Union passenger depot this morning when a venerable lady passenger from the east hurriedly left the waiting room and started on a run across the tracks and toward the new viaduct in an effort to elude the vigilance of her daughter and the kindly espionage of Depot Master Shields and his staff of passenger directors.

Mother and daughter arrived from Kansas City, en route to Salt Lake, on the early Union Pacific train and the high altitude is believed to have effected the mind of the elder lady. During the night the younger lady had observed the changed mental condition of her mother and on arriving at Ogden had asked the assistance of depot officials. This was given and when the ladies were being placed on the Salt Lake train the elder woman astounded everyone by screaming loudly and starting on a gallop across the yards. A moment later Mr. Shields and Inspector Gutke took up the chase and overtook the old lady near the viaduct. Realizing that she was being followed, the fugitive grabbed a club from the ground and, turning on her pursuers, put up a vigorous protest and fight. The club was taken from her and then the old lady began screaming, biting and scratching her captors. She was finally escorted back to the train and placed in charge of her daughter, the train crew and a conductor who was dead-headed to Salt Lake and who kindly offered to take care of the demented woman until she arrived in the capital city, where friends would meet the two ladies.

Aside from a few bruises and scratches received by Mr. Shields and his assistants, no one was injured in the outbreak and the venerable woman calmed down a little as the train pulled out for the south.

The case of the woman, who was charged with being insane, was referred to the grand jury.

W. H. CHEVERS KILLS A BEAR WITH A CLUB

W. H. Chevers, joint freight agent of the Harriman system at Ogden, is now rusticated in Gentle Valley, Idaho, at the big farm and stock ranch of Barnard White. Mr. Chevers is dividing his time by walking twenty-five or thirty miles daily and hunting and fishing in the foothills of adjacent mountains. The following excerpt from a letter received this morning by Fred Gentsch, from Mr. White, indicates that Colonel Chevers is enjoying his vacation:

"Chevers has gained thirty pounds since coming to Idaho and is now utilizing a
